

## **Dream Questionnaire**

**These questions are designed to stimulate your thinking about your big, bold dreams. Print this out and work through it. If you want a rich and abundant life, it all begins with a dream!**

- 1. If you had an endless amount of money and time:**
  - **What are three things you would do?**
  
  
  
  
  
  
  
  
  
  
  - **Where would you go?**
  
  
  
  
  
  
  
  
  
  
  - **What two things would you purchase?**
  
- 2. What dream have you always thought about in your mind, but never told anyone about it?**
  
  
  
  
  
  
  
  
  
  
- 3. If you knew you would be 100% wildly successful, what would you do?**
  
  
  
  
  
  
  
  
  
  
- 4. Tell me about your dream home—describe the outside, the inside, and the surroundings in detail.**

**Now that you have some good information down on paper, write down one dream you feel you can accomplish in one year or less. That's the one I want you to focus on. Work your business with that end in sight. When you make that dream a reality, set another small dream in front of you and then work for that one.**

**Do you realize when you work toward your small dreams you are also working toward that big, bold dream too? It's exciting—best wishes to you as you dream big and pursue excellence!**
